An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the claims—

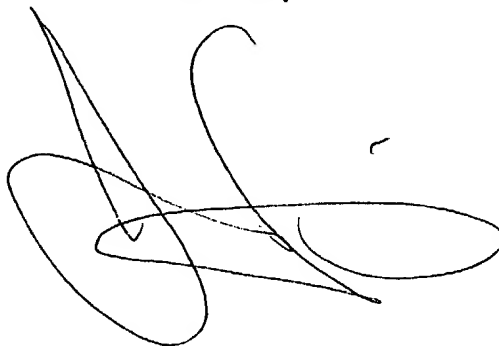

In claim 17 at lines 4-5 delete the second occurrence of "in which the copolymerization molar ratio of either one of D-lactic acid ".

Applicants' 312 amendment has not been entered since canceled claim 3 has been resurrected in applicants' listing of claims. Amendments are ordinarily not entered in part and hence applicants' entire 312 amendment has not been entered. However the substance of applicants 312 amendment to claim 17 is present in the examiner's amendment above and the typographical error referred to by applicants has therefore been corrected.
